

# An English Alphabet Psalm

by Millie Gerhart ©2014

## Based on Psalm 119

DO YOU....

Wish you could build into your child  
a strong, positive, God-centered identity?

Wish you could give your child  
a vocabulary that will help her/him understand the Bible?

Wish you could prepare your child for tough times  
when people are not accepting?

*Psalm 119 was used by ancient Hebrews to teach their children the Hebrew alphabet, and do all those things. Why not make an English Alphabet Psalm to do the same things. [1godlovesu@gmail.com](mailto:1godlovesu@gmail.com)*

### ***Tips for using the English Alphabet Psalm***

- *Put the pages in sheet protectors so they can be traced with a non-toxic white board marker, then wiped off.*
- *When a letter is repeated say the sound of the letter.*
- *For children 6 months through 2 1/2 use the color version and simply read it out loud when the child is eating. Trace the letters with your finger. Let the child do it if they are willing. Never, ever insist.*
- *If the child is 2 or older, Do just one page a day. Have them color in the letters.*
- *Explain new words and use them in context throughout the day in fun ways.*
- *Have the child help you find the letter in the text of each page if they are willing. At first, you point to the letters in the text. Soon they will want to.*
- *Keep it fun and repeat.*
